Baluster Railing

Sold Exclusively At:

IMPORTANT NOTES:

- Actual picket panel sizes: 6ft Panels = 69.43in; 8ft. Panels = 91.31in.
- 3in posts are required to reach 6ft & 8ft lengths.
- Stair railing panels are shipped at a 37° angle. Panels are adjustable and will accommodate 30-40° stair angles. **CAUTION:** Over adjusting stair panels will cause loose and rattling pickets.
- **42in post kits are required for middle and bottom stair posts with a 36in railing system.**
- **48in post kits are required for middle and bottom stair posts with a 42in railing system.**
- 45° deck angles require 22.5° clips applied to each side of the post. The 22.5° clip kit is sold **SEPARATELY**.
- Two 3in. posts are recommended on top of deck surface if stair riser is not at a 90° angle from deck frame.
